Solar Wolf Energy Bankruptcy Filing

Dear Sir or Madam,

I wish to be added to the creditor list in this bankruptcy filing. I advanced Solar Wolf Energy \$33,446.40. Solar Wolf Energy was to design, obtain permitting, install and gain approval for solar panels and an ESS (battery) system at my residence at 24 Moran Cr, Sudbury. Solar Wolf Energy failed to do any of this work before closing down.

On request, I can provide the contract and photo-copies of the canceled checks.

Thank-you,

Michael A. Procopio
